

THAW'S JAILER MAKES THREAT

Murderer's Cell For Harry If He Attempts To Escape

Hears of Plot To Kidnap Thaw—Prisoner Likely To Be Turned Over To The Immigration Authorities After The Hearing Wednesday—His Attorneys To Fight Deportation Order To The Last—Will Stay In Canada Long As Possible

Sherbrooke, Que., Aug. 25.—The remains of doubt as to the legal case that Harry K. Thaw is going to follow. The habeas corpus writ will be argued Wednesday, and, according to universal opinion, he will be delivered over to the immigration authorities. An inquiry board of the immigration department will decide whether he is guilty of the charge that he is an escaped lunatic and entered Canada by stealth.

Should that board decide to deport him, his attorney will appeal to the minister of the interior. This appeal would probably result in a prolonged investigation into his claims for the right of freedom in Canada.

In the end, if he is put across the border in any state outside of New York, there will follow the fight against extradition to New York, but the immigration inquiry will probably take time. There is only the remotest chance that Thaw will be shipped to Vermont on short notice. It is to prevent just this that some of the best lawyers in Canada have been retained for him. Thaw has outlined his case and has a clear grip of it. He has instructed his lawyers to keep him in Canada as long as possible and to obtain freedom for him here if they can. He is convinced that public opinion is going to be a powerful factor in his fate whether in Vermont or Canada, and has set out to create sympathy

for himself and convey the impression that he has been the victim of his enemies.

He was much concerned lest the people should think he is not personally in charge of his case.

W. A. Blakeley, district attorney of Pittsburgh, who came here at the request of Thaw and an intimate friend of the family, said that if Thaw does not stop talking he will "talk himself back to Matteawan."

Although Blakeley didn't come here as an attorney for Thaw, he was in conference for two hours with W. K. McKee, Colonel H. A. Frazer and ex-Governor Stone of Pennsylvania. After the conference all five men called on Thaw in the hospital ward and remained with him for about an hour.

Governor Stone declined to say what he thought of Thaw's case. It is known that he is here to make himself acquainted with the Canadian end of the fight preparatory to extradition proceedings in Newport, Vt., the place where Thaw will probably be sent if deported.

Thaw is still worried because the note he sent to a press association telling it to warn papers throughout the country not to call him a fugitive from justice had been lost in transit. J. H. La Force, the jail governor, threatened to lock Thaw up in the murderers' cell if he obtains even the slightest confirmation of rumors that Thaw would attempt to escape and that there was a plot to kidnap him.

MR. AND MRS. GEORGE L. CARNEGIE, WHO AID THAW WITH FUNDS, AND HIS ALIENIST STAFF

THAW'S DOCTORS—DR. W. A. STERRING, DR. R. H. POPE, DR. BRITTON D. EVANS, DR. G. L. HUME, DR. J. O. LEDOUX.

New York, Aug. 25.—Mr. and Mrs. George Lauder Carnegie are shown here as they appeared at Sherbrooke, Canada, where they went to aid Harry K. Thaw, Stanford White's slayer, who escaped from the Matteawan (N. Y.) asylum. Mrs. Carnegie is Thaw's sister. Mr. Carnegie is a nephew of Andrew Carnegie. They went to

Thaw's financial assistance as soon as they heard he had been caught. George Carnegie was optimistic over the chances of getting his brother-in-law free and said he was prepared to spend plenty of money to defend Thaw. As an indication that Thaw's relatives intend to fight hard for him, in addition to a big array of lawyers

they secured the services of several alienists, including Dr. Britton D. Evans, of "brain storm" fame, head of the state insane asylum at Morris Plains, N. J. These sanity experts were prepared to testify that Thaw was sane so as to prevent his being deported to the United States.

VINCENT ADMITS FRAUDS IN REFERENDUM PETITIONS

Columbus, O., Aug. 25.—Walter B. Vincent of Cincinnati agent for the Ohio Equity association, told Secretary of State Graves and Attorney General Hogan how thousands of names and scores of petitions for a referendum on the workmen's compensation act were manufactured and delivered at the capitol. He declared that he and Charles Kibler, his employer, had helped to run about 40 petitions through a notary public in this city. The solicitors were armed

CASHIER BOUND OVER

Lancaster, O., Aug. 25.—John R. Bowen, cashier of the Sugar Grove bank, which went into the hands of a receiver a few days ago, was given a hearing in mayor's court and was bound over to a grand jury in the sum of \$12,000. H. M. Anderson, president of the bank, testified that the cashier was not authorized to make loans above \$100, but that Bowen had loaned \$6,541.25 with no security other than his own note.

STRUCK BY A TROLLEY

Cleveland, O., Aug. 25.—Only two persons of eight in an automobile escaped injury when a car on the Lake Shore Electric railroad crashed into the machine at Vermilion. The six injured were badly cut and bruised. They were Mrs. V. H. Barnes and W. H. Townsend of New London, O.; Pitt Townsend, Mrs. Pitt Townsend and their daughters, Louise and Ruth, all of Cleveland.

CHALONER WANTS THAW

Charlottesville, Va., Aug. 25.—John Armstrong Chaloner has invited Harry Thaw to make his home in Virginia, after he gets back to the United States from Canada. "Virginia is the safest place in America for Thaw," Chaloner said. In this state a sane man is accorded justice. In New York he does not get a fair deal.

ELOPERS ARRESTED

Marion, O., Aug. 25.—Lena Buonanno, said by the police to be the wife of Simona Buonanno, an Italian banker of Montreal, Canada, is in jail here with Alfredo Sero, with whom she says she eloped from Montreal to Marion. Sero is charged with violation of the Mann white slave act in transporting the woman from Canada to the United States. Mrs. Buonanno is detained as a witness.

Tammany Candidate's Denial.
New York, Aug. 25.—Ex-Justice E. E. McCall, who has been selected as majority candidate on the Tammany ticket, denied the report that he had accepted the nomination on condition that the impeachment trial of Governor Sulzer be postponed until after the election.

CHARGES AGAINST NURSE

Performed Four Thousand Illegal Operations, Says a Detective.

Philadelphia, Aug. 25.—May Simmons, a nurse, who maintained apartments in four houses here, was accused of having performed 4,000 illegal operations during the last four years. She has confessed to many operations. "A thousand operations a year" was her usual record, according to witnesses uncovered by Corner's Detective Frank Paul. The woman is under arrest, charged with the death of Meredith A. Dukes, daughter of John L. Dukes of Selbyville, Md. In the furnaces of the four houses the Simmons woman is alleged to have burned a thousand infants. The others she disposed of in sewers, according to Paul.

WIRELESS TELEPHONE ON RAILROAD TRAINS.

Philadelphia, Aug. 25.—The Pennsylvania railroad is soon to install a wireless telephone system on the trains of that road for the use of the engineers and conductors, and it is said that this new scheme will go a great ways toward the prevention of accidents. While a metallic circuit is used, the system is practically wireless. The track is one line of the circuit, contact being made between some portion of a metal part of the track. A single metal connection is then wound about the coupling of each car and from this point the circuit is carried to a pole in each car. The electric battery then flashes the current from pole to pole and the system is complete.

Many Arrests Imminent.

Cincinnati, O., Aug. 25.—Warrants for the arrest of 26 Cincinnatians, charging perjury, are in the hands of the local police department, but have not as yet been served until instructions come from Assistant Attorney General Dempsey, who swore to them. The warrants have been issued in connection with the investigation at Columbus as to the circulation of fraudulent petitions for a referendum on the Green workingmen's compensation law.

Bad Oversight.

"Why these poets?"

"Look at this press notice!" stormed the actress.

"The critic speaks highly of your genius."

"And never mentions my gowns!"—Washington Herald.

Massillon, O., Aug. 25.—An advertisement of a picnic in a grove near here attracted an unwelcome visitor in the person of Sheriff Adam Oberlin, who arrested Perlee Budd, George Anslover, Reuben Ewing, Fred and Bert Lowery on the charge of unlawfully selling beer, and confiscated 16 half barrels and 20 cases of the beverage.

REJECTION IS PROBABLE

As A Culmination Of American Negotiations

Huerta Has Until Tuesday Noon To Accept Wilson's Plan.

PRESIDENT FINISHES MESSAGE

Should Huerta Remain Obdurate, Wilson Will Give the Joint Session of Senate and House All His Information On the Mexican Situation and His Own Views On the Duties of the United States.

Washington, Aug. 25.—The Mexican situation as viewed by United States officials is at its crisis. They believe that unless President Huerta accepts the American mediation proposals involving his retirement from office, the peace negotiations will be terminated. A high official of the administration put it this way: "Provisional President Huerta has until tomorrow to accept our plan."

Unless Huerta does give in to the American demands before President Wilson begins his address to congress Tuesday noon, there is now little hope among officials that he will yield at all or that the present revolution in the southern republic will be settled peaceably through the good offices of the United States.

Should Huerta maintain his policy of flatly demanding recognition by the United States and flatly refusing any suggestion not predicated upon this, President Wilson will give to the joint session of the house and senate all the information on the situation and his own views as to the duties which devolve upon the United States.

President Wilson has completed and discussed with Secretary of State Bryan the first draft of this address. One statement contained in the address will be the flat and final announcement that the United States will not under any circumstances recognize the Huerta government. The president is firmly resolved on this much of his policy for dealing with Mexico in the event that the mediation plan is not accepted. This announcement will be the basis of whatever policy is evolved for the United States after Tuesday.

"There is little doubt of the reception that this announcement would receive at the hands of congress. Members of both houses are themselves convinced of the wisdom of refusing to recognize Mexico until the conditions are greatly improved and a president has been chosen by a constitutional election."

It is the president's intention to hold a conference at the White House this evening with the senate and house committees on foreign affairs. At this conference his address will be discussed in detail and suggestions from members of the committee as to the proper policy to be adopted will be considered.

2 MEN ARE MURDERED

Columbus, O., Aug. 25.—John Barnes, colored, confessed to the police that he stabbed Henry Cox, a colored laborer, to death in a quarrel over cards in a rooming over a North Third street saloon. Wheeler George, colored, confessed that he assaulted Emory Delt, white, who died of injuries soon after the attack.

ROBBED BY HOTEL THIEF

Lima, O., Aug. 25.—Rose Pastor Stokes, wife of James C. Stokes, a New York millionaire, was stranded in Lima without a penny in her pocket. A sneak thief entered her room at the Lima House and took her purse, containing nearly \$300. She wired her husband for funds.

The men killed were De Montalent, the pilot, and Metvier, the mechanic of No. 9, a Breguet machine. While the machine was over Rouen it fell

150 yards. De Montalent crashed through a bridge, struck the deck of a river barge and was then thrown into the cold. Metvier fell between the barges. Both men were killed instantly. De Montalent, who was 27 years old, lived at Rouen, where he owned much property.

The convention voted to meet in Toledo next year. John Schwab of Cincinnati was elected president.
